STARTLING NEW CHANGE COMING

President Decides to Send Prominent Virginia Official to the Block.

NAME NOT YET DIVULGED

Effort Being Made to Have Rixey Suit Changed to the United States Court.

(From Our Regular Correspondent.) WASHINGTON, D. C., March 28.—It is certain that all the changes which are to be made by the President in the personnel of the Federal offices in Virginia have not been made. It is equally certain that some will be made which will be in the nature of the utmost surprise to the people, probably as great a surthe officials in question as to anybody else. There is one change which be specially surprising, not to say shock-ing. It is impossible at this time to print the name of the officeholder who

ing. It is impossible at this thick the print the name of the officeholder who is to walk the plank, but he will have to walk it in the fullness of time. The postmasterships of the State are being considered now. None of the terms of presidential postmasters in Virginia expire at a very early date. It is said that for every position of this character in the State there are several applicants. Uneasy lies the head of him who has the ladling out of the Federal soup in Virginia now. He is beset by hunkry applicants at all hours, and sleep must be a boon hard to obtain. Big Stone Gap, the home of Representative Slemp, is said to have more visitors these days than the boon towns of the Southwest had a dozen years ago when lots in cornfleds were selling at a hundred dollars a front foot. The disappointments in store for the majority of them, and the day of reckoning they note for the men who do the disappointing must be the chief features of the visits.

Rixey's Suit for Damages.

Rixey's Suit for Damages.

Representative Rixey, of the Eighth District, is in Washington, and his family will probably remain until the close of the public schools. Mr. Rixey makes frequent trips to his home in Culpeper county.

frequent trips to his home in Culpeper county.

Application was made yesterday in the Circuit Court of Fauquier county, to change the suit of Mr. Rixey against Amory S. Stevens to the United States District Court at Alexandria. The court did not pass on the application at once, but it is the right of a defendant who is not a citizen of a State in whose court he is sued, to have the suit changed to a Federal court. Mr. Rixey is suing Mr. Stevens for alleged defamation of character, asking for damages in the sum of \$30,000. It is alleged in circular letters scattered over a good portion of Mr. Rixey's district by representatives of Mr. Stevens, that Mr. Rixey is a man of most reprehensible character, to put It most mildly, and that he consorts with thieves, et cetera. The circulation of these letters became so pessistent that

most mildly, and that he consorts with thieves, et cetera. The circulation of these letters became so persistent that Mr. Rixey instituted built.

Mr. Stevens is a multi-millionaire of New York. He has been all over the world, and, it is said, owns real estate in the four quarters of the earth. He is understood to own extensive mineral interests in Australia. Sometime ago Mr. Stevens purchased six thousand acres of land in Fauguiper county. It was claimed there were gold deposits on the land, and it was asserted by alleged experts that the as asserted by alleged experts that the ineral was found in paying quantity he assertion is not made these days The assertion is not made these days. More or less extensive development of the mine indicated that there was no money to be made in working it. The manager had authority from Mr. Stevens, it is alleged, to check on a bank which is run by brothers of Representative Rixey. The manager overdrew, and Mr. Stevens refused to make the checks good until compelled by the courts.

It is alleged he then attacked Mr. Rixey in the manner indicated, thinking him one of the bankers, which is not true. Of course, the people who knew Mr. Rixey knew he was not the character of man charged by the circular let-

WHAT IS CATARRH?

Hyomel Cures This Common and Disagreeable Disease.

Hyonic cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of the catarrhal polson, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, brenchial tubes or tissues of the lungs:

discharge from the

scholars, and Randolph Notts the secretary. Miss Lottle Pryor as organizer, and
will begin the Sunday-school work on the
first Sunday in April, at that place.

SMALL BLAZE CAUSES.

(By Associated Press.)

NEW YORK, March 28.—A trifling blaze, caused by the igniting of a newspaper from a spark from an electrical apparatus in the shirtwaist factory of Max Roth which, occupies the five upper floors of a six-story building in Walker Street, to day, started a paping among the 300

escapes, this being a narrow steep stairway, leading from all the floors. the cry of fire was raised the girls crowded down this stairway, failing over and trampling upon each other, and before all were out a dozen of them fainted

from fright, and slight injuries.

The panic was increased by the conduct of sorbe of the men employes, who trampled upon the women in their own haste to escape. One girl's hip was fractured. On the fifth floor a foreman tried to hold the door to the stairs in the face of the frenzied employes on that floor, so that they should not join the crowd on the stairs.

A young Italian drew a knife and threatened to cut the foreman to pieces it he did not open the door. The foreman ild so, and the crowd rushed through to join the mass already crowding the stairways. from fright, and slight injuries.

GIRL ESCAPES FROM ASYLUM TO BE WED

Washington Patient Goes to Baltimore Hoping to Marry Former Fellow Inmate.

(Special to The Times-Dispatch.)

BALTIMORE, MD., March 28.—Miss Florence Jordan, a comely young woman, prominently connected in Washington, escaped from St. Elizabeth's Hospital for the Insane in that city on Saturday and came to Baltimore for the avowed purpose of plighting her troth to Howard Neagle, a former patient at St. Elizabeth's Hospital. It was planned to get the marriage license and be married yesterday, angist Dr. Howe, resident physical properties of the propert afternoon.

It was said by an acquaintance of Miss Jordan that she has been an inmate of St. Elizabeth's Rospital for seven years and that about three weeks she was on probation and then came to Hattimore with the idea of getting married. The nospital authorities refuse to discuss the effair.

few hours. At New Orleans I rented a room and put the boxes together, after which I went to Jacksonville. There I became acquainted with a party of Cuban leaders, who were planning a filbus-

ban leaders, who were planning a fillustering expedition.

"They had engaged the Destroyer, a small vessel, to take them to Cuba, along with a number of American and European adventurers, who were anxious to strike a blow for Cuban freedom.

"Several of the leaders of the party are men now well known, and I will not mention their names, although I have among my papers a list of them all. I suggested to them that they use my machines to destroy Spanish warships in the harbor of Havana and in other ports on the coast of the island.

"It was my intention to go along v

"It was my intention to go along withe party, so as to direct the work o sinking the Spanish ships, but they dis sunded me, urging that I could be ogreater use in Jacksohville, preparing other machines if the first proved suc

greater use in Jacksofville, preparing other machines if the first proved successful.

"It was planned to have some members of the revolutionary party join the Spanish navy so as to get the machines aboard. If that falled it was decided to fasten one of the boxes to the hull of a ship under the water line, for I had constructed my machines so they could be exploded under the water.

"That was late in the fall of 1897. The mext spring the Maine was destroyed.

"Only one of the men in the secret of the machines ever returned to America. I saw him some time after the war with Spain had begun.

"He told me he had nothing to do with the boxes after reaching Cuba, but had been told a mistake had been made.

"The man who had been entrusted with the task of destroying a Spanish vessel attempted to fasten a box during the night to one of Alfonzo's warships and blundered into blowing up the Maine. I was told that the man, immediately after learning of the error he had made, committed suicide."

ROCKEFELLER'S SALARY. Said to Get \$20,000 as President of Standard Oil-Rarely at Desk.

of Standard Oil—Rarely at Desk.

(Special to The Times-Dispatch.)

NEW YORK, March 28.—Wall Street heard yesterday that the salary which John D. Rockefeller receives as president of the Standard Oil Company, is \$20,000 a year. This is much leas than the alaries paid to the presidents of big downtown banking institutions.

Mr. Rockefeller has not been at his often in No. 26 Broadway in nearly four years. When he withdrew from active participation in the affairs of the big oil combination he amnounced his intention of resigning as its president, but his follow decision.
